

## General Announcements:

### What?

- Swimming for Grade 10 and company. This has been in conception for quite a while now but hoping for this to push through.

### Why?

- No particular reason whatsoever.

### Where?

- **Cristina Villas Mountain Resort.** This is a comfort pick more than anything else. You can visit their site (<https://cristinavillasresort.com/>) for more information. This is located at Antipolo, Rizal (<https://goo.gl/maps/n7raXL1idedMoeJ4A>).

### When?

- **July 9-10, Saturday-Sunday, from 18:00 to 5:00.** This will be the final date, so those who planned to go but aren't going to be available on these dates are free to opt out of the plan by chatting with me. The date is moved (from July 17-18) to accommodate much more people to go.

### Who?

- Currently, this is a list of people who will go (note that not this is not the final list as it is still possible to opt-in and out of the plan because of the adjusted date):
  - Abellera, Jana
  - Blasco, Kiah
  - Biay, Vaughn

### Food Budgeting

There is an initial survey asking how much can each attendee can contribute to the fund (which ranges from PHP 100 – 300). The total contribution is PHP 3,000. Here are the plans on what to do with the budget:

- Find an attendee willing to cook and bring to the event.
- Some people will order at restaurants first and then pick it up on the day of the event

Note that those willing people will have to use their own money first and then will be paid later at the event since there is no opportunity to collect the money beforehand. Additionally, those people who are feeling kind can exercise their philanthropic nature freely.

## **Meetups and Rendezvous**

There will be plans on how to go there for people who do not know how to or are not comfortable traveling alone:

- If you are located near Katipunan, there are some plans that we're looking at:
  - As suggested, rent a car and then just pay them for the gas.
  - Gather at Katipunan (or any place that is close to Katipunan) then commute to the destination)
- If you're already at Antipolo, Rizal:
  - You can go there directly and wait for the rest outside
  - You can talk to others at Antipolo to find where to meet each other and then go there together (I'm not living there so I can't give any output)

This part seems a bit unclear but the best option is to divide ourselves into groups if ever we'll commute because commuting as one big group is such a pain. We can talk about what to do after the swimming when we're already there.
